3. Public Comments: - None

4. Items for Review/Recommendation:

- A. Needs Assessment & Open Space master Plan Revision
 - 1. Time Line
 - 2. First Draft - RFQ

Director Perkins presented Draft 1 of the Request for Proposals for the Revision of the Village of Lake Zurich Open Space Master Plan/Comprehensive Plan. The document will be sent to all Park and Recreation Advisory Board members electronically. He reviewed the tentative timeline with changes from the Park and Recreation Advisory Board members due by September 24, with RFQ (request for quotations) out to vendors by October 1, opening of proposals on October 22 or 25, approval by the Park and Recreation Advisory Board on November 9, and approval by the Board of Trustees on November 15, 2010.

Trustee Sustich recommended the incorporation of sustainability principles and full life-cycle assessment of all Park and Recreation assets to maximize asset life and to optimize beneficial impacts on the natural environment. He defined sustainability and summarized the principles that should be included. Trustee Sustich believes this is an opportunity for the entire Village to participate in sustainability principles.

It was agreed upon that a joint meeting between the Tree Commission and Park and Recreation Advisory Board should take place sometime in the future to avoid

duplication of efforts on open space and related issues. In the meantime, the Open Space Master Plan should address open space and sustainability issues.
