9. COMMITTEE AND TRUSTEE REPORTS

Trustee Johnson recently attended a TRAC meeting in Barrington. A public relations firm and several consultants have been hired by the surrounding Villages to fight the E J & E. The Village has already approved a donation to help offset these expenses. At another meeting, Peter Roskin held a press conference announcing a bill will be submitted to Congress this week where the southernmost leg of the EJ & E up north to Hoffman Estates and east to Rosemont will be protected as a commuter rail (Star Line) corridor that would connect forty communities to O'Hare and to downtown Chicago. Many are hoping this bill is passed before the STB approves the purchase of the E J & E by the Canadian National.

In light of public comments, Trustee Branding questioned where the Village of Lake Zurich stands with the Village of Kildeer on the issue of the Churchill property. Village Administrator Vitas mentioned a letter had been previously drafted and was awaiting comments from several Trustees. Due to new information provided tonight, changes to the letter will be necessary and held for further discussion with Board members.

10. OTHER BUSINESS

Consent Agenda Item D.

- D. Towing contract with Area Wide Recovery. The Public Safety Committee recommends approval and the Board of Trustees approves a contract with Area Wide Recovery for towing services in the form presented to the Village Board.

Trustee McAvoy mentioned he received a letter questioning the Village's need to have a second service provider. The Police Department had made this request several years ago and years before had more than one provider. The providers would rotate being on call, every other month.

Trustee Taylor had questions about the contract in respect to the number of needed parking spaces and the potential length of time these vehicles may be in storage. Contracts with both Alpine Towing and Area Wide Recovery are identical. Village Attorney Burkland pointed out that in Section 6, it states that the contract would not be exclusive.

Ken Sikorski, 120 Hobble Bush, stated he could accommodate 30 vehicles if necessary.

Gordon Grubert, owner of the Area Wide Recovery property, stated that with improvements along Oakwood, this property now has more adequate storage space than before, the same location previously operated by Alpine Towing.

Trustee Johnson proposed a change to the motion to read "*and shall have sufficient space for storage of all towed vehicles*".

MOTION was made by Trustee Callahan, seconded by Trustee McAvoy, to approve a contract with Area Wide Recovery for towing services in the form presented to the Village Board as amended.
